### **A high chair that's fun for baby – and a breeze to clean!**

The Fisher-Price Aquarium Healthy Care™ High Chair helps you keep baby's high chair cleaner than ever, with a feeding tray you can sanitize right in the dishwasher. But it also keeps baby entertained while you prepare the meal (or while you're cleaning up) with an interactive toy tray baby will love! Baby presses a button to make aquarium fishies swim or hear one of four ocean sound effects.

Baby can also use the high chair's roller to make music play (for short-play) or mom can activate up to five minutes of ocean-themed music! Two teether toys add to the aquarium fun. They're attached—even if baby throws them, they stay with the high chair tray. So they stay cleaner longer!

Other Healthy Care™ high chair conveniences include a wipeable vinyl-coated pad, divided food tray (no need for a plate!), handy towel bar and jar holder, and a three-position reclining seat for feeding or napping. And when baby's ready, the high chair converts to a booster seat! Folds up for easy storage.

Removable, dishwasher-safe food tray snaps in place.

7 height adjustments, also converts to booster for tableside dining.

3-position recline (one-hand adjustment!).

Mom- or baby-activated aquarium toy tray.

Bead bar entertains baby.

5-point restraint.

Foot rest.

Wipeable durable vinyl-coated fabric pad.

High chair folds compactly for storage.

Sturdy steel frame.

Convenient towel bar on back.

Tray snaps onto back legs for storage.

One-handed release (for removal and adjustment of base tray).

Casters with lock-out feature make chair easy to move.

Weight limit 50 lbs.
